

TOTAL TRANSPORT AND LOGISTICS SOLUTIONS

JEBSENS

jebbens.com.au

Jebsens has been providing its customers in Australia with total transport and logistic solutions for over 30 years.

The Jebsen Group has business activities ranging from ship owning, ship commercial operations, technical and crew management. It has over 260 on-shore personnel plus over 8,000 seafarers and 400 vessels under management serving the global shipping industry.

Jebsens International Australia (JINTA) consists of Jebsens Logistics Services (JLS) and Jebsens Coastal Shipping Services (JCSS) which complements the Maritime operations with strategic logistical alignment for customers.

Jebsens specialise in road, rail and regional sea-based transport and logistics solutions for customers as well as warehouse management and customised bagging throughout Australia.

SERVICE OVERVIEW

Jebsens has always sought to strengthen its bond with clients by leveraging its traditional shipping expertise, establishing partnerships and expanding into a diversified range of business activities including technical and ship management, crew management, transport, storage and distribution. Through a worldwide network, Jebsens can provide all aspects of vessel chartering both in Australia and the Pacific/Asia regions.

Jebsens has demonstrated with its network and resources that it has the capability to provide tailor made business solutions to suit every client's needs. Jebsens offers wharf/wharf, hook/hook and door-to-door of all types of cargo, including containerised, break-bulk / project cargoes and supply chain management for businesses in Australia and Overseas.

Jebsens can organise road, rail and ship transport for bulk, bagged and containerised product from anywhere in the world. Along with this service Jebsens can also organise transport of other products and equipment in one off or regular movements both domestically and internationally.

Jebsens currently manages numerous supply chains across multiple industries. If you are interested in outsourcing your supply chain or simplifying your logistics contact Jebsens to see what we can do for you.
